

Rainier

496ZN2TF1

Flame retardant hi-vis fleece

The flame retardant hi-vis fleece Rainier can be zipped into different jackets thanks to the I.L.S. system. You can wear the fleece separately to protect you from cold and wind. The soft breathable fleece fabric has undergone an anti-pilling treatment which makes it last longer. The fleece, with elastic sleeve ends and an elastic cord in the hem, features two inset pockets with zipper and one inside pocket.

Flame retardant hi-vis fleece

Rainier - 496ZN2TF1
